Tony Fernandez has established himself as a unique cartoonist influenced by the great satirical draughtsmen of the 18th and 19th centuries. His cartoons are filled with joy, humour, insight and wit but always with a sense of compassion about the characters in their silliness and in the absurdity of everyday life.

His highly original approach to this subject matter has made his work much sought after - with work held in many private and public collections

5" x 7" cards are blank inside for your own message. Printed on FSC paper and individually sleeved.
